Also, admission is carried out in accordance with the provisions of Ordinance 137/2000, Art.2, Paragraph 1, without discrimination on accounts of sex, race, color, ethnic or social origin, genetic characteristics, language, religion, beliefs, belonging to a national minority or disadvantaged category, wealth, disabilities, age or sexual orientation.

(3) Higher education at the University of Agricultural Sciences and Veterinary Medicine in Cluj-Napoca is organized in cycles.

Initial training, in higher education, is carried out through university study programmes organised in 4 cycles, as follows:

- a) the short cycle, where short university study programmes are organised;
- b) the first cycle - where undergraduate degree programmes are organised;
- c) Cycle II - where Master's degree programmes are organised;
- d) Cycle III - where doctoral degree programmes are organised.

Continuous training in higher education, following initial training, is carried out through programmes of postgraduate study programmes as follows:

- a) postgraduate study programmes in adult vocational training;

- b) postdoctoral study programmes;
- c) postgraduate residency programmes;
- d) adult vocational training programmes.

Tertiary College - post-secondary studies (full-time education- IF);

Dual Education - aims at acquiring the knowledge, skills and competencies, mainly required for professional employment and qualifications covering levels 6, 7 and 8.

(4) Graduates- holders of a short-term university education diploma can further their undergraduate university studies exclusively through an admissions competition.

(5) The duration of university study programmes for distance learning and part-time education is equal to that provided for full-time education.

(6) The duration of study programs for the bachelor's cycle is 3-6 years, for the master's cycle it is 2 years, and for the doctoral cycle it is 4 years.

(7) The duration of college study programs at the college is 2 years.

(8) Dual education meets the following requirements:

- a) conclusion of the partnership contract between one or more business operators or between associative structures/a consortium of business operators, the education unit and the administrative-territorial unit where the education unit is located, a contract that establishes the conditions of collaboration, rights and obligations of parties, as well as the costs undertaken by the partners;
- b) conclusion of the individual practical training contract between the student, respectively the parent, guardian or legal provider of the minor student, the business operator and the education unit, a contract that establishes the rights and obligations of the parties;
- c) conclusion of the partnership contract between a higher education institution and one or more business operators and, as the case may be, between associative structures, a contract that establishes the conditions of collaboration, the rights and obligations of the parties, as well as the costs undertaken by the partners;
- d) conclusion of the individual practical training contract between the student, respectively the doctoral student, the business operator and the higher education institution, a contract that establishes the rights and obligations of the parties.

Article 2.

(1) Admission is carried out according to fields and programmes of university studies, for all three cycles, separately according to each specified form of education and for the tertiary college according to fields and programmes of studies.

(2) For foreign language study programmes, admission is carried out in the language of teaching of the university study programme.

(3) Admission is carried out for places:

- a) financed from the state budget (IF bachelor's degree, IF dual license's degree, IF master's degree, IF and IFR doctorate, IF tertiary college);
- b) tuition fee payable (IF and ID bachelor's degree, IF dual bachelor's, IF master's degree, IF and IFR doctorate, IF tertiary college);

(4) Places financed from the state budget are established by Ministerial Order, based on tuition figures approved by Government Decision, and tuition fee places are established based on university autonomy by the USAMV Cluj-Napoca Senate within the tuition limit approved by ARACIS.

(5) They have the right to participate in the admission competition for:

- a) **bachelor university studies**, including dual, only graduates with a baccalaureate degree obtained in Romania or equivalent, regardless of the year of high school graduation.
- b) **master university studies**, only graduates with a bachelor's degree obtained in Romania or equivalent, regardless of the year of graduation of the bachelor's programme.
- c) **doctoral university studies**, only graduates with a master's degree obtained in Romania or equivalent, regardless of the year of graduation of the master's program, joint bachelor's and master's programme,

as well as graduates with a bachelor's degree or equivalent of long-term organized university studies according to Law no. 84/1995, republished, with subsequent amendments and additions.

d) **tertiary college studies**, for high school graduates, with or without a baccalaureate diploma or equivalent.

(6) Citizens of the member states of the European Union, of the states belonging to the European Economic Area and of the Swiss Confederation can participate in the admission exam for all cycles of university studies, under the same conditions provided by law for Romanian citizens, including tuition fees.

(7) Upon admission to all cycles of university studies taught in the Romanian language, foreign citizens are required to submit a certificate of Romanian language competence issued by institutions certified by the MEC.

(8) The same condition is imposed in the case of definitive mobility (transfer) of students between accredited higher education institutions, which have the legal right for tuition of foreign citizens and are certified by the Romanian government.

(9) The admission of 'Romanians from everywhere', as well as of citizens from third countries of the European Union, is carried out on the basis of specific methodologies developed by the Ministry of Education and Research.

(10) Foreign candidates will contact the International Relations Office of USAMV Cluj-Napoca for advice and will submit the complete file to the technical Admissions Committee where they wish to compete or will register online on the university's website (admitere.usamvcluj.ro).

(11) For 'Romanian candidates from everywhere', the competition file is submitted directly to the institution's headquarters or can be sent by post, e-mail or by completing the online form available on the university website (admitere.usamvcluj.ro).

(12) Candidates mentioned in art. 7 and 8 declared admitted to the bachelor's, master's and doctorate cycle of university studies can register only on the basis of the baccalaureate, bachelor's and master's degree respectively, recognized in accordance with the methodologies developed by the specialized departments of the Ministry of Education and Research.

(13) The USAMV Cluj-Napoca Senate approves the technical university admissions committee (on the proposal of the Administrative Council) and the technical faculty admissions committees (on the proposal of the faculty councils).

(14) Citizens of the Member States of the European Union, of the States belonging to the European Economic Area and of the Swiss Confederation, as well as British citizens and members of their families, as beneficiaries of the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and from the European Atomic Energy Community 2019/C 384 I/01, may participate in admission to all university studies under the same conditions as those laid down by law for Romanian citizens, including tuition fees.

Chapter II - Tuition funding

Article 3.

(1) Candidates will submit a single file for a field of study either onsite or online. The candidate will present their own options in the registration form, regarding the desired study programmes in their desired order within the field and the form of financing. It is recommended to complete both the state budgeted financing form and the tuition fee financing form in order to later have the possibility to move from fee-payable places to state-budgeted ones if in the later stages of admission places become vacant on the budget or on the waiting list on fee payable places, and then if there is availability on budget places.

(2) A candidate can simultaneously participate in the admission for several fields of study within the same institution or from different higher education institutions, on places financed from the state budget.

(3) A candidate can be admitted and enrolled as a student in no more than two study programmes simultaneously, **regardless of the study cycle and the higher education institutions** that provide them.

(4) A candidate declared admitted can benefit from funding from the state budget for a single bachelor's program, for a single master's program and for a single doctoral program, in compliance with the regulations in force.

(5) State study grants (tuition from public funds) are granted for the duration of one academic year only in a higher education institution, for a single study programme.

(6) The costs related to exceeding the duration of free education, provided by law, are borne by the students.

(7) Candidates declared admitted and enrolled in higher education can simultaneously follow a maximum of two study programmes, of which only one is financed from the state budget.

(8) The candidate declared admitted to several study programs opts for the study programme that will be financed from the state budget, by signing the contract and submitting the diploma/certificate of recognition of the diploma/baccalaureate certificate or the diploma/certificate of recognition of the diploma/certificate of the previously completed university studies cycle, as applicable, and of the related transcripts, in the original, at the faculty they wish to attend, meeting the established submission deadline.

The aforementioned document may be returned to the holder from the second semester onwards, in which case a copy certified "true to the original" by the faculty secretariat remains on file.

(9) In order to register/enrol in the first year of studies, candidates admitted to places financed from the state budget will submit, upon confirmation of the place by signing the study contract, the baccalaureate diploma/or the certificate or the bachelor's degree/or certificate as well as the other original documents.

(10) Failure to submit the original baccalaureate/bachelor's diploma, through the sole fault of the admitted candidate, when signing the contract, leads to the loss of state-budgeted place.

(11) Students of state-financed higher education institutions who attended state-budgeted courses and, for various reasons, either failed to complete their studies or were expelled, not being in a position to benefit from state budget funding during the entire period of a complete study cycle, can follow another study programme within the same university or in another university, under the conditions of state-budgeted financing, based on the admission ranking, but only for the duration of a study cycle, i.e., from the study duration of the new programme, the budget-funded academic years for the initial programme started and not completed are subtracted.

(12) During the first academic year in a bachelor's or master's programme, the status of each student in terms of their financing (state budget or tuition fee) is maintained, in accordance with admission results.

(13) At the beginning of each academic year, the secretariats of the faculties reorganize student ranking within each academic year based on the weighted average obtained in the previous year.

(14) Places financed from the state budget will thus be allocated annually to the students with the best results in their vocational training.

(15) With regard to the organization of study groups and all teaching activities, no distinction is made between the two categories of admitted students (state-budgeted or fee-paying).

(16) Undergraduate study programmes will operate if a minimum of 15 students are enrolled and admitted. Master's level study programmes will operate if a minimum of 15 students are enrolled and admitted.

(17) In the event that an insufficient number of students are enrolled in a study programme at the end of the admission period, according to art. 16, enrolled students will be able to opt for another study programme in the same or related fields subject to availability of places.

(18) USAMVCN ensures the necessary conditions for equal opportunities for people with disabilities, with specific learning limitations or special education needs and where necessary additional support suiting the needs of disabled adults and their access on university grounds.

(19) Admitted candidates can benefit from the recognition of university studies completed before provisionally authorized or accredited study programmes, under the conditions of the ECTS system. In

this respect, upon signing the Study Contract, they will submit an application for recognition of university studies, accompanied by supporting documents (diploma supplement, school record, certificate), in the original. The managements of the faculties will establish special commissions for this category of candidates, who will decide, after studying the documents on file, if the requests fall within the legal provisions, as well as the possible registration in a higher year.

(20) For the 2026-2027 academic year USAMVCN grants, according to the law, budgeted places, within the approved tuition figures, in both bachelor- 25 places and master- 25 places degree programmes to graduates holding a baccalaureate degree from among:

- a) national minorities, for study programmes which do not exist in state higher education in the language of that minority;
- b) the social protection system;
- c) persons with disabilities.

Chapter III - Organisation of admission competition for bachelor's degree programmes

Article 4.

(1) High school graduates with a baccalaureate diploma or an equivalent diploma can participate in the admission to the undergraduate study cycle.

(2) Candidates who have passed the baccalaureate exam during the sessions corresponding to the 2023-2024 school year present at registration, either onsite or online, a copy of the baccalaureate diploma or the scanned certificate issued by the educational institution, where the general average, an average for each year of study, the validity period and the fact that the diploma has not been issued.

(3) Candidates who have passed the baccalaureate exam in the 2025-2026 school year may be enrolled in the admission competition without the certificate issued by the graduated educational institution, based on their written consent submitted online, by which they authorize USAMVCN to take their personal data and the results obtained in the baccalaureate exam, from the Integral Information System of Romanian Education (SIIIR).

(4) The other necessary documents, according to this regulation, will be presented at the onsite registration by the candidate or will be uploaded on the electronic platform if the registration is performed online.

(5) The timetable for admission to the bachelor cycle for the academic year 2026-2027 implies the organisation of two admission sessions, the first session being in July, from **14 to 31 July 2026** and the second in September, from **31 August to 11 September 2026** for full-time education (IF) and ID.

(6) The timetable for admission to the Veterinary Medicine in English and Veterinary Medicine in French study programmes for the academic year 2026-2027 implies the organisation of a single enrolment session from 18 May to 22 July 2026.

(7) The admission calendar for foreign citizens applying to the specialisations within the University implies the organisation of a single enrolment session, from 18 May to 17 July 2026.

(8) The admission calendar for the Tertiary College for the academic year 2026-2027 implies the organisation of a single admission session, from **14 to 31 July 2026**.

(9) The timetable for admission to the bachelor cycle of dual education for the academic year 2026-2027 implies the organisation of two admission sessions, the first session being in July, from **14 to 31 July 2026**, and the second in September, in the period from **31 August to 11 September 2026** for full-time education (IF).

(10) During the 03-28 august 2026 period, enrolments continue for those study programmes with available places. Moreover, candidates applying during this period (except for the Faculty of Veterinary Medicine) will be admitted on an available-place basis. The admitted candidates will sign their study contracts starting with 31st of August 2026, according to RU45 calendar, Annexes 3 and 5. For the Faculty of Veterinary

Medicine, candidates applying during the 3-28 August will come for the multiple choice test during 31st August-3rd of September (According to RU45, Annex 3) and will be declared admitted after ranking on the 4th of September.

Article 5. Registration of candidates

- (1) Registration for the admission competition at USAMV Cluj-Napoca is conducted in the designated rooms for each faculty of the University or online at admitere.usamvcluj.ro.
- (2) Registration for the admission competition is performed in person, for each separate admission session, on the basis of the identity card/passport and the other documents provisioned in this regulation, or by a delegate on the basis of a notarial power of attorney or online with a copy of the identity card/passport and the other documents required by this regulation.
- (3) Candidates for undergraduate university studies, holders of distinctions (I, II, III prizes) at school Olympiads and/or at other national competitions or honorable mentioning at international Olympiads (in field-related subjects, according to Annex 1) during their high school studies, benefit from the right to register without entering the admission competition for state-financed places.
- (4) The registration of Olympians will be based on the list of national and international competitions, approved by the Ministry of Education and Research.
- (5) They shall submit written requests to the technical admission committee, which will decide on these requests.
- (6) USAMV Cluj-Napoca can approve scholarships to cover the tuition fee for certain categories of candidates (e.g.: candidates from Placement Centers) with the approval of the USAMV Cluj-Napoca Senate.
- 7) These places will be filled at university level, will be done in the order of competition averages and the options of the eligible candidates.
- 8) Eligible candidates who will not fill a state-budgeted place can apply in parallel for the other budgeted/fee places put out in the university competition, in compliance with the general competition rules according to these regulations.
- 9) Places assigned to candidates from the social protection system are only available in the July 2026 session. Unoccupied places will be transferred for the general competition in the September 2026 admission session.

Article 6. Documents required to register for the admission competition (bachelor)

- (1) **The competition file** that candidates will submit **physically when registering onsite or electronically-scanned when registering online**, will contain the following documents:
 - a) Identity card or passport;
 - b) Birth certificate;
 - c) Medical certificate issued by the school medical office or the family doctor stating that the applicant for the admission competition is suitable for the study programme of choice; the university holds the right to additionally request the opinion of a specialized medical commission (Occupational Medicine) to vet candidates with chronic diseases, disabilities;
 - d) Two identical 3/4 cm photos - if the candidate registers online, they are submitted simultaneously with the signing of the contract;
 - e) Baccalaureate diploma and transcript or equivalent, in original or copies; high school graduates from the class of 2026 can present, instead of the baccalaureate diploma, a standard certificate showing that they have passed the baccalaureate exam, the average and the grades obtained at the baccalaureate. These candidates, in the event of their admission on state-financed places, following the competition, have the obligation to file the original baccalaureate diploma and transcript at the time of confirmation of the place by signing the study contract;

- f) The candidate's written agreement regarding access to personal data registered on the SIIIR (Integrated Informatics System of Romanian Education) platform (in case the certificate is not presented in the file);
- g) Certificate of student status, i.e. bachelor's degree or bachelor graduation diploma, in original or copy, for those who register for the admission to pursue a second bachelor degree;
- h) Candidate affidavit on previous bachelor studies, with programme and funding of the studies (budget-funded or tuition fee);
- i) Documents proving their particular situation (original and copy) of parents' death certificate - in the case of orphans, a certificate from the Children's Homes, proof that they come from single-parent families, certificate attesting to disabilities, proof that they are at risk of losing the ability to meet their daily living needs due to illness, poverty (art. 6 letter hh) of Law no. 292/2011)- in those respective cases, documents proving that they are children of teaching staff;

The enrolment fee can be paid onsite or online in IBAN account RO35TREZ21620F330500XXXX, COD FISCAL-4288381, USAMV Cluj-Napoca. In the payment form, under the heading - EXPLANATION - should be filled in - Name and surname of the candidate for whom the payment is made, Faculty, Programme of studies, Form of education - IF, IF Dual or ID;
- k) Declaration of consent regarding the processing of personal data;
- l) A Romanian language proficiency certificate at a minimum B1 level, issued by a higher education institution in Romania that has an accredited Preparatory Year of Romanian Language program, regardless of the field of study, or issued by the Romanian Language Institute for candidates applying to study programs taught in Romanian, whose high school or undergraduate studies were completed in a language other than Romanian.

(2) The enrollment fee is established for each field of study by the University Senate.

(3) Candidates opting for the **Faculty of Veterinary Medicine- the English/French study line will submit the following in their application file:**

- a) Level B-2 language proficiency certificate issued by a certified and internationally recognized body.
- (4) Candidates who opt for the Biotechnologies field within the **Faculty of Animal Science and Biotechnology**, will submit a motivational essay, signed and dated. Those who opt for online registration will upload the document (PDF) to the platform on the date of registration.
- (5) Candidates who opt for the places reserved for the Roma ethnic group, will bring to registration or attach to the online registration form, a recommendation issued by a legal Roma organization (signed and stamped), which certifies their belonging to this ethnic group.
- (6) The places reserved for candidates of Roma ethnicity will be assigned to the faculties by the Board of Administration according to the candidates' request at registration.
- (7) The registration form to be completed in areas specially designed for onsite registration or electronically for online registration; the form is filled in and signed by each candidate.
- (8) Within a faculty, candidates will complete an application form for each desired field, for one or more study programmes, in order of preference. For study programmes, both the budget financing form and the fee financing form will be filled in the registration form in order to have the possibility of being moved onto the budget-financed seats in the following stages corresponding to the session of registration.
- (9) The file with the documents submitted/sent electronically remains for the entire period of the admission competition by the technical admission committee of the faculty where the enrollment was made.
- (10) After the end of the registration period, the options, their order, as well as other information in the registration form cannot be changed.
- (11) From the contents of the admission file, according to the Government's Emergency Ordinance no. 41/2016 regarding the establishment of simplification measures at the level of the central public

administration and for the modification and completion of some normative acts, the requirement to submit legalized copies of documents is eliminated, replacing them with the certification of conformity with the original, by the person/persons with assigned duties in this regard.

(12) If a candidate does not want to enroll in certain study programmes, they should not enter the respective study programmes on the registration form.

(13) Since the candidates have the legal right apply for admission simultaneously for two or more fields, the file with the original documents is submitted for the first option.

(14) Registration for the other fields is done on the basis of the above-mentioned documents, presented in copies, alongside a certificate of registration from the field where the file with the original documents was submitted.

(15) In case of enrolment in several study programmes in different fields of study of the same faculty, candidates will pay an application fee for each field. The enrolment fee can be paid onsite or online in the IBAN account RO35TREZ21620F330500XXXX, COD FISCAL-4288381, USAMV Cluj-Napoca. In the payment form, under the heading - EXPLANATION - should be filled in - Name and surname of the candidate for whom the payment is made, Faculty, Programme of studies, Form of education - IF / ID / IF Dual.

(16) Candidates applying to study programmes taught in Romanian who have completed their high-school or undergraduate studies in a language other than Romanian must present, at the time of enrollment, a Romanian language proficiency certificate at a minimum B1 level, issued by a higher education institution in Romania that has an accredited Preparatory Year of Romanian Language programme, regardless of the field of study, or issued by the Romanian Language Institute.

(17) For students who studied in an international language or in a language of national minorities, the certification of the linguistic skills of oral communication in Romanian is done with the baccalaureate diploma.

(18) For tests of the interview/essay type or which test general knowledge or for which a particular bibliography/manual is not recommended/imposed, admission of candidates from national minority language education with a baccalaureate diploma, at their request, may be conducted in their mother tongue.

Article 7. Verification and grading of competition tasks

(1) The minimum general average for admission to bachelor university studies cannot be lower than 5.00 (five).

(2) The ranking of the candidates will be done according to the general average, and their assignation of places in the admission competition, from the first to the last ranked, depending on the order of the options specified in the registration form, within the limit of the approved places for each study programme.

(3) The classification order resulting from the admission will be used for the distribution of the places financed from the state budget and tuition-fee places, in order of the best ranked candidates in each field/study program.

(4) For the Faculty of Food Science and Technology, admission to bachelor study programmes is made in the field of Food Products Engineering, with the exception of the study programme Agricultural Products Processing Technology - dual.

(5) All candidates for study programmes belonging to the field of Food Engineering, which operate at the Faculty of Food Science and Technology, will first be admitted to the field of study, and at the end of the second year they will be assigned to state-budgeted or tuition fee places for the following study programmes: Control and expertise of food products, Technology of agricultural products processing, Engineering of food products, depending on the general average of the first and second years of study and students' options. The study programmes and the number of students for each programme are proposed by the Faculty Council and approved by the Senate, no later than the end of the third semester of the study series.

For the study programme Agricultural Product Processing Technology, full-time, dual, admission is by study programme. The competition average is calculated as the arithmetic average of the marks obtained in the specific competition tests, as follows:

Baccalaureate average - 50%;

Interview - 50%;

(i) The interview will be held onsite at the appropriate enrolment stage, in specially designated areas of the university. If you apply online, your application will not be complete until after the onsite tests.

(ii) If biosecurity conditions do not allow candidates to travel, due to the evolution of the pandemic, the interview may be conducted online.

(6) For the Faculty of Animal Husbandry and Biotechnologies, admission is made in the fields of study, Animal Husbandry and Biotechnologies respectively.

In the Biotechnologies field of study, admission has specific competitive tests, as follows:

- Baccalaureate average – 90%;

- Motivational essay - 10%;

(7) At the Faculty of Horticulture and Rural Development Business, admission for the study programmes (a) Agricultural Business Engineering and Management and (b) Engineering and Management in Public Food and Agrotourism is done within the field with the exception of the study programme Engineering and Management in Public Food and Agrotourism - dual.

(8) The Faculty of Veterinary Medicine has specific competition tests, as follows:

A) Veterinary Medicine - study line in Romanian

- a1) Baccalaureate average –60%;

- a2) Theoretical test (Biology class XI, multiple-choice test) - 20%;

- a3) Theoretical test (Chemistry class X, multiple-choice test) - 20%.

(i) The theoretical tests are held onsite during the corresponding registration stage, in specially arranged areas in the university. If registration is done online, it will be complete only after taking the onsite tests.

(ii) In the situation where the health safety conditions will not allow the movement of candidates, due to the evolution of the pandemic, the admission (differentiation of candidates) to Veterinary Medicine - the study line in the Romanian language, will be made only on the basis of the average from the baccalaureate.

B) Veterinary Medicine – lines of study in English and French

- b1) Baccalaureate average or equivalent;

(9) Registration and the competition will be organized separately for the study line in the Romanian language and the study lines in the English and French languages.

(10) Candidates for study programmes organized in a foreign language will present a B-2 level language proficiency certificate issued by authorized institutions.

(11) Candidates whose mother tongue coincides with the teaching language of the study program do not have to present a language proficiency certificate.

(12) Admission is organized by degree fields and study programmes.

(13) Within the study programme, ranking is achieved in descending order of admission average.

Article 8. Admission competition results

(1) Upon admission, in the event of the existence of several candidates with equal averages, the grades obtained at the baccalaureate will be used for the differentiation in the following order:

- (a) Grade obtained in the Romanian language;

- (b) Grade obtained in mathematics/history;

- (c) Grade on the test from the student's option.

(2) Upon admission to the Faculty of Veterinary Medicine in the event of the existence of several candidates with equal averages, the marks obtained in the following order will be used for the differentiation:

Study line in Romanian:

- (a) Grade from the theoretical test;
- (b) Average from the baccalaureate.

Study lines in English and French:

- (a) Highschool general average;
- (b) Baccalaureate grade in Biology;
- (c) Baccalaureate grade in Chemistry;
- (d) Baccalaureate grade in Mathematics
- (e) Average of the last highschool year.

(3) The display of the results obtained in the admission competition is carried out in weekly stages corresponding to the 2 sessions, with at least two types of lists being generated for each stage.

- (a) provisional lists - with the ranking of candidates, generated after admission;
- (b) final lists - with the ranking of candidates, generated after the resolution of appeals that include the definitive and indisputable results.

(4) The lists contain the following categories of information:

- (a) The list of candidates admitted for the places financed from the budget, within the limit of the number of assigned places, if applicable;
- (b) List of candidates admitted for tuition-fee places, within the limit of the number of places assigned, if applicable;
- (c) List of pending candidates;
- (d) List of rejected candidates, if applicable.

(5) During each admission session, the students accepted for the tuition-fee places are determined from among admission candidates ranked after the last one admitted to the state-financed places, in descending order of the classification made on the basis of the admission criteria.

(6) The results of the admission competition, verified and approved by the University's Technical Admissions Commission, are made known to those interested by posting them on the admitere.usamvcluj.ro website.

(7) Any appeals regarding the results of the admission competition can be submitted online to the USAMV CN registry at the email address registratura@usamvcluj.ro.

(8) Candidates declared admitted, who do not sign the Study Contract within the established term, according to the admission calendar, lose the place won through the competition.

(9) The vacant state budget-funded places, during the weekly stages of the admission session, by not signing the study contract, will be filled, by transfer, in the descending order of averages, by the candidates admitted to the tuition-fee places that have signed the study contract.

(10) In the last week of each admission session, if the number of candidates who move from tuition fee places to state budgeted places is less than the number of available places, candidates from the waiting list can also move to the vacant budgeted places if they opted for this, within the same admission session, within the same study programme.

(11) In view of the continuous application within the 2 admission sessions, for each session, from the second selection of places on the unoccupied places, both new candidates and those who are on the waiting list of the previous application/weeks compete.

(12) Candidates admitted to the fee-paying places and who have signed the study contract will pay 25% of the tuition fee at the Faculty of Veterinary Medicine and 10% of the tuition fee for the other study programmes, as guarantee for matriculation. The annual tuition fee can be paid in a maximum of 4 installments for all study programmes (Installment 1 – upon signing the contract, 2 – by 15.01.2027, 3 – by 15.03.2027, 4 – by 17.05.2027), with the exception of Veterinary Medicine where there is a maximum of 3 installments (Installment 1 – upon signing the contract, 2 – by 15.03.2027, 3 – by 17.05.2027).

Starting from the second year of study, Installment 1 must be paid by October 15 of the academic year. The other installments keep the same calendar dates: Installment 2 – January 15, Installment 3 – March 15, Installment 4 – May 17.

(13) At the Faculty of Veterinary Medicine, English and French line, candidates who have confirmed their place will pay the amount of 2500 euros of the tuition fee. Vacancies resulting from the non-confirmation or from withdrawals may be filled by candidates on the waiting list in descending order of average until the places on the competition are filled. The second instalment is €3,000 and is payable by 15 March 2027, and the third instalment is €3,000 and is payable by 17 May 2027. Starting from the second year of study, Installment 1 must be paid by October 15 of the academic year. The other installments keep the same calendar dates: Installment 2 – January 15, Installment 3 – March 15, Installment 4 – May 17.

(14) The tuition fee is non-refundable in case of withdrawal.

(15) Candidates admitted to tuition-fee places and who have signed the study contract, in the situation where they are automatically moved to places with state budget financing, will benefit from the full refund of the enrollment deposit.

(16) Vacant tuition-fee places due failure to sign the Study Contract or due to sliding on the budgeted seats, can be filled by sliding in the descending order of averages by the candidates from the waiting list who have the fee option, within the same session of admission, within the faculty.

(17) For study programmes where, at the end of each registration period, the number of registered candidates is lower than the number of places open for competition, registration continues in parallel with the activities of displaying results, contracting, sliding, until all places are filled reaching the end of the admission period.

(18) If at the faculty level there is no possibility of filling these places, then they will be redistributed at the university level to the faculties that have tuition fee candidates and who can slide to the state budgeted places.

(19) The redistribution of the remaining vacant places will be carried out in 2 stages:

- a) Stage I - in the case of non-occupancy of the state budgeted places distributed by faculties/study programmes, redistribution will be made during the admission session in July, based on the Decision of the Board of Administration.
- b) Stage II - in the case of non-occupancy of the budgeted places distributed by faculties/study programmes, redistribution will be made during the admission session in September based on the Decision of the Board of Administration.

The redistribution strategy will take into account the occupancy of all budgeted places at the university level.

(20) The University will return, after posting the final results, within 48 hours at most from the submission of the application and unconditionally, without charging any fees, the files of the rejected candidates or those who vacated the place obtained through admission.

(21) The release of the files of the rejected candidates or those who give up the place obtained through admission, stored and kept after December 20th of each year, is made for a fee, according to the provisions of the Regulation on the fees charged in USAMV Cluj-Napoca.

Article 9. Registration

(1) Candidates admitted to state-budgeted places pay the registration fee and sign the study contract.

(2) Candidates admitted to the tuition fee places pay the registration fee and 1/4 of the tuition fee at the Faculty of Veterinary Medicine, respectively 10% of the tuition fee for the other study programmes as well as the guarantee fee and sign the study contract .

(3) At the Faculty of Veterinary Medicine, English and French line, admitted candidates will pay the amount of 2500 euros of the tuition fee, as a guarantee fee and sign the study contract.

(4) The enrollment of candidates declared admitted following the admission competition is made by decision of the USAMVCN Rector at the beginning of the academic year.

(5) After the registration is approved, students are registered in the Single Enrollment Register (RMU) with a unique number valid for the entire period of schooling in the study programme(s) they were admitted for.

Chapter IV - Conduct of the admission competition for master's degree programs

Article 10. Registration of candidates

(1) The University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, ranked by the Ministry of Education and Research in the first category among all higher education institutions in the country as University of Advanced Research and Education, organizes master's degree studies.

(2) Graduates with a bachelor's degree or equivalent, according to Article 60 of the Law on Higher Education No. 199/2023, as amended and supplemented, as well as graduates of studies abroad and recognized by the specialized directorate of the Ministry of Education and Research as at least a bachelor's degree, may apply for admission to master's degree programs.

(3) Candidates who have passed the graduation exam in the sessions corresponding to the academic year 2026-2027 present the graduation diploma or the original certificate, issued by the academic institution, including the general average, the averages obtained during the years of study are mentioned at the onsite registration, the validity period and the fact that no diploma or copies have been issued for online registration.

(4) **The timetable for admission to the Master's programme** for the academic year 2026-2027 implies the organisation of two admission sessions, the first session being in July, from **14 to 31 July 2026**, and the second in September, from **31 August to 11 September 2026** for full-time education (IF) and ID.

(5) **The admission calendar for foreign citizens applying to the Master's programmes of the University** implies the organisation of a single admission session, from 18 May to 17 July 2026.

(6) **The timetable for admission to the dual education master cycle** for the academic year 2026-2027 implies the organisation of two admission sessions, the first session being in July, from **14 to 31 July 2026**, and the second in September, from **31 August to 11 September 2026** for full-time education (IF).

(7) Registration for the admission competition is conducted in person, for each separate admission session, on the basis of the identity card/passport and the other documents provided for in this regulation or online on the *admitere.usamvcluj.ro* website using a copy of the identity card/passport.

(8) Enrollment in the admission competition can be done, on behalf of the candidate, by another person on the basis of a notarized power of attorney.

(9) From the contents of the competition file, according to Government Emergency Ordinance no. 41/2016 regarding the establishment of simplification measures at the level of the central public administration and for the modification and completion of some normative acts, the requirement to submit legalized copies of documents is eliminated, replacing them with the certification of conformity with the original, by the person/persons with assigned duties in this regard.

(10) During the period 03–28 August 2026, registration continues for study programmes where places are still available. According to HCA no. 15403/10.07.2025, point 13, candidates who register during this period (except for the Faculty of Veterinary Medicine) will be admitted within the limit of available places. Admitted candidates will sign the study contracts starting on 31 August 2026, according to the RU45 calendar, Annex 3 and Annex 5.

For the Faculty of Veterinary Medicine, candidates who register during the period 03–28 August 2026 must appear for the multiple-choice test between 31 August – 3 September (according to the RU45 calendar, Annex 3) and will be declared admitted after ranking on 04 September.

Article 11. Documents required to register for the admission (master's degree)

(1) The competition file that candidates will submit physically when registering onsite or electronically-scanned when registering online, will contain the following documents:

- a) registration form;
- b) baccalaureate diploma, bachelor's degree (or equivalent);
- c) transcript/diploma supplement;
- d) birth certificate;
- e) two ¾ cm identical photos – if the candidate registers online, they are submitted at the same time as signing the contract
- f) the minimum level A-2 language proficiency certificate, in the master's tuition language for master study programmes in foreign languages, is submitted in original to the faculty secretariat at the beginning of the academic year for admitted candidates; the accepted English language proficiency certificates are as follows: (i) certificates issued by the organizing university (USAMV Cluj-Napoca); (ii) certificates issued by an accredited state university (e.g. USAMV Bucharest, UBB, Technical University, UMF, Transilvania University of Brașov, etc.); (iii) international certificates (FCE, CAE, TOEFL, IELTS, ECL); (iv) certificates issued by an internationally recognized language center by EAQUALS or by the Ministry of Education and Research (e.g. the Alpha and Lingua Centers of UBB, the Center for Modern Languages of the Faculty of Letters of the University of Oradea, the Center for Foreign Languages of the Faculty of Letters and arts from the "Lucian Blaga" University in Sibiu, etc.). The previously obtained certificates will be checked and endorsed by the Transversal Competencies Department of USAMV Cluj-Napoca
- g) documents proving their particular situation (original and copy) of parents' death certificate- in the case of orphans, a certificate from the Children's Homes - proof that they come from single-parent families, certificate attesting to disabilities, proof that they are at risk of losing the ability to meet their daily living needs due to illness, poverty (art. 6 letter hh) of Law no. 292/2011)- in the case of those in this situation, documents proving that they are children of the teaching staff;
- h) identity card;
- i) medical certificate;
- j) Candidate affidavit on previous bachelor studies, with programme and funding of the studies (budget-funded or tuition fee);
- k) A Romanian language proficiency certificate at a minimum B1 level, issued by a higher education institution in Romania that has an accredited Preparatory Year of Romanian Language program, regardless of the field of study, or issued by the Romanian Language Institute for candidates applying to study programs taught in Romanian who have completed their high-school or undergraduate studies in a language other than Romanian.

(2) Each candidate's registration form will specify the options for the study programmes in the field of registration, in the order of preferences. Candidates are recommended to complete both the budget financing form and the fee financing form in the registration form, in order of preference.

(3) If a candidate does not want a certain study programme, the respective study programme should not be included in the registration form.

(4) The file with the documents submitted/sent electronically remains for the entire period of the admission competition at the technical admission committee of the faculty where the enrollment was made.

(5) After the end of the registration period, the options, their order, as well as other information in the registration form cannot be changed.

(6) Candidates for master's programs will follow the competition trials (multiple-choice tests/interview/essay) according to the calendar and schedule established by the competition committee.

(7) According to the provisions of the Law on Higher Education no. 199/2023, with subsequent amendments and additions, the bachelor's/engineering degree of the graduates of long-term higher education from the period prior to the application of the three Bologna-type cycles is equivalent to the master's degree in the specialty, so they can apply only for the fee-paying places.

8) Candidates applying to study programs taught in Romanian who have completed their high-school or undergraduate studies in a language other than Romanian must present, at the time of enrollment, a Romanian language proficiency certificate at a minimum B1 level, issued by a higher education institution in Romania that has an accredited Preparatory Year of Romanian Language program, regardless of the field of study, or issued by the Romanian Language Institute.

Article 12. Verification and grading of competition tests

(1) Admission to master's degree programmes is done through competition.

Faculty of Agriculture, Faculty of Horticulture and Business in Rural Development, Faculty of Forestry and Surveying,

The calculation of the general average (MG) is done according to the following formula:

$$Mg = \frac{M_{LIC} + M_{TG/I}}{2}$$

where:

M_{LIC} - is the average of the graduation exam;

$M_{TG/I}$ - is the average of the multiple-choice exam, interview or essay.

Faculty of Animal Husbandry and Biotechnologies, Faculty of Food Science and Technology

The calculation of the general average (MG) is done according to the following formula:

$$M_g = \frac{M_{LIC} + M_{AS}}{2}$$

where:

M_{LIC} - is the average of the graduation exam;

M_{AS} - is the average of academic years.

(2) The ranking of the candidates will be performed according to the competition average in descending order, and their assignment to the places open to the competition will be done in turn, from the first to the last ranked, depending on the order of the options specified in the registration form, within the assigned places open for competition for each study programme.

(3) During each registration period within each session, the students assigned to the tuition-fee study places are determined from among the admission candidates following the last candidate admitted to the state-financed places, in the descending order of the classification based on competition average.

(4) Upon admission, in the event of the existence of several candidates with equal averages, the academic year average for undergraduate studies will be taken into account for differentiation.

(5) The minimum overall average for admission to a Master's degree programme may not be less than 6.00 (six).

Article 13. Admission results

(1) The results of the admission competition, verified and approved by the University's Technical Admissions Committee, are made public to those interested by posting on the university's website admitere.usamvcluj.ro.

(2) The display of the results obtained in the admission competition is carried out in weekly stages corresponding to the 2 sessions, with at least two types of lists being generated for each stage.

- (a) provisional lists - with the ranking of candidates, generated after admission;

- (b) final lists - with the ranking of candidates, generated after the resolution of appeals that include the definitive and indisputable results.

(3) The lists contain the following categories of information:

- (a) The list of candidates admitted for state-financed places, within the limit of the number of assigned places, if applicable;
- (b) List of candidates admitted for tuition-fee places, within the limit of the number of places assigned, if applicable;
- (c) List of pending candidates;
- (d) List of rejected candidates, if applicable.

Article 14. Enrollment of Admitted Candidates

(1) After displaying the lists of candidates admitted to the state-budgeted places and tuition fee places (IF full-time education), they will submit, according to the calendar, the Baccalaureate Diploma and the Graduation Diploma/Certificate in the original, for the state-budget admitted candidates and copy for fee-payable admitted candidates.

(2) For candidates admitted to state-funded places, the original documents are submitted to the technical admission commission at the time of confirmation of the place by signing the study contract. On this occasion, admitted candidates will complete and sign the Study Contract with USAMV Cluj-Napoca.

(3) Candidates declared admitted, who do not sign the Study Contract within the terms stipulated in the admission calendar, lose the place won through the competition.

(4) Vacant places financed from the state budget, by not signing the study contract, will be filled, by sliding, in descending order of averages, by the candidates registered for the fee-paying places who have signed the tuition contract and who have paid the minimum 10% of the fee as a guarantee to confirm the place.

(5) In the last week of each admission session, if the number of candidates who move from tuition fee places to state budgeted places is less than the number of available places, candidates from the waiting list can also move to the vacant budgeted places if they opted for this, within the same admission session, within the same study programme.

(6) In view of the continuous application within the 2 admission sessions, for each session, from the second selection of places on the unoccupied places, both new candidates and those who are on the waiting list of the previous application/weeks compete.

(7) Candidates admitted to the fee-paying education who signed the Study Contract, in case of withdrawal, will not benefit from the return of the place confirmation guarantee, (representing 10% of the annual tuition fee, except for the Faculty of Veterinary Medicine — Romanian language: 25%, English and French: 2500 euros. and in the case of sliding to the budget, the confirmation guarantee will be returned).

(8) If at the faculty level there is no possibility of filling these places, then they will be redistributed at the university level to the faculties that have tuition fee candidates and who can slide to the state budgeted places.

(9) The redistribution of the remaining vacant places will be carried out in the autumn admission session.

(10) Candidates admitted to state-budgeted places pay the registration fee and sign the study contract.

(11) Candidates admitted to the tuition fee places pay the registration fee and 1/4 of the tuition fee at the Faculty of Veterinary Medicine, respectively 10% of the tuition fee for the other study programmes as well as the guarantee fee and sign the study contract. (Installment 1 – upon signing the contract, Installment 2 – by 15 January 2025, Installment 3 – by 15 March 2027, Installment 4 – by 17 May 2027)

(12) The enrollment of candidates declared admitted following the admission competition is made by decision of the USAMVCN Rector at the beginning of the academic year.

(13) After the registration is approved, students are registered in the Single Enrollment Register (RMU) with a unique number valid for the entire period of schooling in the study programme(s) they were admitted for.

ENROLMENT PROCEDURE FOR NATIONALS OF MEMBER STATES OF THE EUROPEAN UNION, THE EUROPEAN ECONOMIC AREA AND THE SWISS CONFEDERATION

BACHELOR STUDIES

ACADEMIC OFFER 2026-2027 LINK on the website admitere.usamvcluj.ro

Citizens of the Member States of the European Union, the European Economic Area and the Swiss Confederation may sit the entrance exam under the same conditions as Romanian citizens, including tuition fees.

For admission to all cycles of university studies taught in Romanian, foreign citizens are required to present a certificate of language proficiency in Romanian issued by institutions authorised by the Ministry of Education and Research.

The selection of USAMV CN candidates for undergraduate studies (by fields and study programmes) for the academic year 2026-2027 is carried out by admission, based on the average obtained in the baccalaureate exam, except for the Faculty of Veterinary Medicine and the Faculty of Animal Science and Biotechnology which have specific admission criteria.

The Faculty of Veterinary Medicine has specific competition tests as follows:

Veterinary Medicine - study in Romanian:

- Baccalaureat average -60%;

How to enrol for university studies (Bachelor, Master, PhD)

1. Preparatory year

Foreign citizens from non-EU countries are enrolled for university studies in Romanian after completing the preparatory year, during which they acquire the necessary language skills, as well as specific knowledge, in correlation with the profile of the future training (anatomy, physics, chemistry, technical drawing, etc.). The duration of the preparatory course for pre-university studies and for undergraduate studies is 1 school/academic year, and for master's, doctoral studies at least 6 months.

Accredited higher education institutions organising Romanian language preparatory courses

2. Categories of persons exempted from the obligation to present the certificate of completion of the preparatory year when enrolling for study programmes taught in Romanian

- Persons who present Romanian educational documents (diplomas and certificates) or educational documents, school reports certifying at least three consecutive years of studies in a school of the Romanian national system;
- Those who, with a view to enrolling in university education, pass the Romanian language test, following examination by a specialised committee made up of teachers with at least the teaching position of lecturer. The examination may be taken at the higher education institution where the candidate wishes to study, if this higher education institution has a provisionally authorised or accredited specialisation/programme of study in Romanian language and literature, or at another accredited higher education institution which has such a specialisation/programme of study. A Certificate of Language Competence will be issued following this examination.

3. Foreign language studies

For study programmes where the teaching process is conducted in foreign languages, admission is conditional on the presentation of a B2 level language proficiency certificate issued by authorised institutions. Exempted from this test are people who come from countries where the official language of the state is the language of instruction and who can prove with school documents that they have studied in that language.

4. Application file

- Application for the Letter of Acceptance to study
- The diploma - copy and notarised translation - which qualifies the person concerned for the relevant form of education (baccalaureate, bachelor's degree, master's degree or equivalent);
- the transcript of records - copies and certified translations - of studies and the syllabus, in the case of candidates applying for recognition of periods of study;
- Diploma of the preparatory year or Language Proficiency Certificate, as applicable;
- Birth certificate - copy and notarised translation;
- Copy of your passport;
- A medical certificate (in an internationally-recognised language) certifying that the person who is to enrol is not suffering from any contagious diseases or other medical conditions incompatible with the future profession.
- 3 passport photos (to be presented when signing the study contract)
- For Veterinary Medicine bachelor degree programmes in English and French: certificates and/or recommendations attesting to volunteering in the field of animal husbandry and protection

Authentication of qualifications subject to recognition/ equivalence

1. Apostille or supralegalisation is not required for diplomas from the Republic of Moldova.
