Working for Monsanto is the opportunity to learn a lot about myself, about people and about agribusiness. The day by day life in this company is a mix of challenges and team spirit.
A job to love, a world to conquer!

- Sales Representative

Monsanto is a leading provider of agricultural products and solutions. Our company employs 22,000 people worldwide and has local presence on every continent. We use unparalleled innovation in plant biotechnology, genomics and breeding to improve productivity and to reduce the costs of farming. At Monsanto, the ideas you come up with today can touch lives tomorrow – allowing you to build a career while making a real difference in the world.

It was a permanent challenge, as a beginner at Monsanto. Then, I’ve realized the team spirit of the company and how great people are.
Now I understand what success is.
