

europass

Dr. ing. Mihaela Cornea-Cipcigan

Specializations: molecular biology (DNA extraction, PCR methods), molecular techniques for taxonomic analysis - marker-assisted selection, bioinformatics

Email: mihaiela.cornea@usamvcluj.ro

WORK EXPERIENCE

Member of international research projects

2019-2022

Project no. **26.526/07.12.2017** –Identification of the botanical origin of different biological samples sent by the CARI asbl laboratory (Belgium), designing an international database and research of the flora from different exotic kingdoms

2021 – 2022

ERANET 2021 COFOUND - **SusCrop 237/2021** –Development of novel breeding technology for improved root system, drought tolerance and sustainable plant productions

EDUCATION AND TRAINING

Doctoral studies:

2017-2023 –DOCTOR degree–SUMMA CUM LAUDAE, Ordin MENCS 6444/28.09.2023, USAMV Cluj-Napoca, conducător științific: Academician. dr. Doru Pamfil, PhD thesis: “*Caracterizarea genotipurilor de Cyclamen folosind descriptori morfologici, compuși bioactivi și markeri moleculari ADN/ Characterization of Cyclamen genotypes using morphological descriptors, bioactive compounds and DNA molecular markers*”; **Specializations: Plant genetics; Cumulated Impact Factor (IF): 20.313.**

University studies:

2011–2015 USAMV Cluj-Napoca, Faculty of Agriculture, Specialization: Engineering and Environmental Protection;

2015–2017: Forest Ecosystem Management (Master), USAMV Cluj-Napoca, Faculty of Forestry and Cadastre (Land Survey);

October 2018 Seminar HPLC Troubleshooting by Phenomenex, University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, Romania

February 2021 Certificate of participation in How to get published: a creative workshop with authors of **Food Chemistry: Molecular Sciences**, at Food Chemistry: Molecular Sciences, Presented by Jennifer Wood, editor, Siân Astley, editor-in-chief; Mélanie Lowie, deputy editor-in-chief

11- 13.05.2023: Invited speaker at the *7th Horticulture and Landscape Design Conference in Transylvania*, Anniversary Symposium of the Horticultural Engineering and Landscape Architecture degree programs, Târgu Mureş, Romania

June 21, 2024: Training modules: *Feasibility study of a targeted automated NGS metagenomics NGS application for rapid detection of bacteria and fungi*, CEO Greg Cruikshank

February-June 2024-Training Session: *For the love of dPCR: Translational research applications, coordinated by ThermoFisher, Applied Biosystems™*

Working knowledge of Microsoft Office programs (Word, Excel, PowerPoint, Access) / Paleontological Statistics Software / **R/Rstudio (programming language for statistical computing and graphics)**

Editorial Assignments- Co-guest Editor: *Analysis, Characterization and Antioxidant Activity of Natural Products, Section "Food Science and Technology" of Applied Sciences Journal.*

Aurori A, Mărgăoan R, Căpraru AC, Pop A, **Cornea-Cipcigan M**, Arădăvoaicei S, Pop R, Dezmirian D, Sisea CR, DNA extraction from pollen in honey for molecular analysis The 18th International Conference "Life Sciences For Sustainable Development", 26th– 28th September, 2019 Cluj-Napoca, Romania. POSTER

Other contributions and soft skills

Guest Editor Assistant: Special Issue "Analysis, Characterization and Antioxidant Activity of Natural Products", A special issue of *Applied Sciences* (ISSN 2076-3417).

Diploma „**PhD of the year—overall score**” for outstanding activity in 2022.

Good communication skills acquired through participation in workshops, symposiums, conferences, projects and as a volunteer

Good organizational skills acquired during the practical and research activities carried out within the faculty where I learned skills such as meticulousness, perseverance in performing tasks, adaptability.
